

Notre Dame Prep STEAM Addition

Notre Dame Prep is located in Towson, MD. This is a 23,000 sf addition to an existing classroom building. Due to grading it varies between 2 and 3 stories. The addition consists of: Science Labs, Computer Labs, Design labs, Fabrication lab (2 stories), Art Rooms, Gathering Space, Project Room, and supporting offices. The sitework package includes site utilities, a bioretention pond, sediment erosion control, landscape/hardscape in the courtyard. Whiting-Turner has already won this job.
